Records Requirements:

All boarded animals must have proof of medical history.

Payment:

Payment is required at the time of discharge. If extended boarding of more than 5 days is anticipated, a deposit may be required.

We cannot accept for boarding female dogs in heat, puppies less than 6 months old or kittens less than 4 months of age.

You can be assured that your pet will be well cared for. We provide a climate controlled, safe and sanitary home for your pet. Dogs are walked at least twice daily and pets are fed once a day with quality foods. Medications for your pet may be administered for a small additional fee.

It is important that we are able to contact you in case of an emergency. If the owner cannot be reached, this contract assumes that the owner authorizes immediate care and that reasonable medical expenses will be paid in full when your animal goes home.

It is our policy to treat stress-related diarrhea and vomiting including prescription diets and medications administered at the attending veterinarian's request if medical needs dictate it. Flea treatment will be applied if a flea infestation is found on your pet.

If your animal is not picked up within 10 days of the prearranged last boarding date, we shall assume the animal has been abandoned. We will seek the maximum penalties allowed by law against the owner of the animal. The animal may be sold or euthanized should abandonment occur.

We cannot be responsible for lost, chewed, or damaged items left by you to be placed in the animal's quarters.

We will exercise all reasonable measures to care for, feed, and confine your pet. We cannot be responsible for its escape, illness, and death, injury to people or other boarders or their theft.

Your signature represents that your pet is healthy and has not been exposed to communicable disease in the last 30 days.

I have read and understand and agree to the terms of this contract.
